WISCONSIN COUNCIL
ON PROBLEM GAMBLING

2010 PATHOLOGICAL GAMBLING TRAINING PROGRAMS

ABOUT THESE WORKSHOPS

These programs are designed for those counselors who are or plan to be working with problem gamblers and their families in a variety of clinical settings. We welcome participants from the criminal justice field, the employee assistance field, the faith and pastoral care traditions, educators, the gaming industry, the recovering community and others to our programs. Though the information is designed for counselors to incorporate into their clinical practice we hope all of our participants, no matter who they may be, will learn about the effects of problem gambling on the individual, family and community and use the information to help those who fall into their own professional scope of practice. Completion of 30 hours of gambling-specific training education may allow participants to become eligible as a referral source for the Wisconsin Council on Problem Gambling's **1-800-GAMBLE-5** Helpline.

Following completion of the Phase 1 & Phase 2 thirty-hour training and education program, counselors will be ready to assess, screen and evaluate for gambling problems among their caseloads and among those who present for care. They will be ready to intervene in a crisis, assist in preparation of restitution plans, refer clients for appropriate levels of care and begin the treatment planning process, etc. Following completion of the 60 hour training and education program, counselors will be prepared to work with family and significant others, special populations, present salient patient education topics to clients and families, prepare court reports, assist with complete asset protection plans and use an array of clinical strategies focusing on impulse control and self-regulation interventions in the treatment of gambling problems, etc.

The training for clinical professionals is a total of 60 hours of gambling specific training and education sessions. Participants who successfully complete the entire sixty hours are then encouraged to begin the National Certification process.

Certification Hours:

Continuing Education Units for 15 hours each phase has been applied for with the following: Wisconsin Association for Marriage and Family Therapy, Social Work and the Wisconsin Department of Regulation and Licensing. Fourteen Continuing Education Units have been applied for with the EACC. "The National Gambling Counselor Certification Board has reviewed this program and finds that it is consistent with the established standards for gambling counselor education and training." Certificate of attendance will be provided by the Wisconsin Council on Problem Gambling.

SPONSORSHIP REQUIREMENTS:

The WCPG is pleased to offer 60 hours of Phase 1–4 (15 hours each phase) compulsive gambling training programs at a significantly lower cost, provided by a sponsorship from the Potawatomi Bingo Casino. The requirements of the sponsorship are that participants must provide service in Milwaukee, Ozaukee, Racine or Waukesha Counties.

**A very special thanks goes to the
Potawatomi Bingo Casino for sponsoring these trainings.**

The Wisconsin Council On Problem Gambling provides resources, public awareness and education on problem and pathological gambling disorders while maintaining strict neutrality on the issue of legalized gambling.

Our goals are to:

- Promote public education and awareness of pathological and problem gambling disorders.
- Maintain a toll-free statewide Helpline where pathological and problem gamblers and their families can call for immediate and continuing assistance in dealing with the addiction.
- Advocate quality assistance for all individuals affected by gambling problems.
- Identify "high risk" individuals and groups of problem and pathological gamblers and provide prevention activities and information.
- Provide expert training to professional counselors in the treatment of pathological and problem gamblers.
- Compile and maintain a database of statistical information concerning problem and pathological gambling in Wisconsin.
