

February 4, 2026

Dear Friend,

The Wisconsin Council on Problem Gambling, Inc. provides resources, public awareness, and education on gambling disorders while maintaining strict neutrality on the issue of legalized gambling. The WCPG has joined with the National Council on Problem Gambling during the month of March to celebrate Problem Gambling Awareness Month. The focus is to increase public awareness, availability, and benefits of gambling disorder treatment. Our goal is to provide information to all individuals working with people who are at risk to become problem gamblers throughout the state of Wisconsin.

It is estimated that 5-7% of the adult population may experience some kind of problem with gambling activities. A study estimated that between 17-24% of problem gamblers attempt suicide. We want to provide information about gambling disorder, how it impacts loved ones, how to have a conversation with someone about gambling disorder, where to find resources, and how to find help.

*"Gambling disorders are often accompanied by substance abuse. Research shows that about 50% of all people with gambling disorders have had problems with alcohol or other drugs." *Statistical information taken from the Massachusetts Council on Compulsive Gambling website.*

Communities nationwide will be working to raise awareness of the consequences of gambling disorders and the resources available for individuals whose gambling is causing disruption in their lives. Treatment for problem gambling is effective in improving the lives of problem gamblers and their families. This initiative is also a celebration of the men and women who are overcoming problems associated with their gambling behavior.

The enclosed poster provides information about Problem Gambling Awareness Month and tools individuals can use as a self-screening tool. We are hoping you will display the poster throughout the month of March 2026. Additionally, we have included the Lie-Bet: 2-Question Screening Tool as a resource for those who think they may have a problem with gambling. A brochure and a free wallet card are also enclosed for you to use as a resource. If you are interested in quantities of these items or obtaining free literature, posters, promo items, or specific brochures including high-risk populations, please contact the Wisconsin Council on Problem Gambling at (920) 437-8888, e-mail wcp@wi-problemgamblers.org, or fill out a request form at www.wi-problemgamblers.org.

For more information on events and programs sponsored by the WCPG, please visit our website at www.wi-problemgamblers.org and/or our Facebook page. Thank you for taking time out of your busy schedule to allow us to share this information with you.

Sincerely,

A handwritten signature in cursive script that reads "Rose Blozinski".
